SPECIMEN REQUIREMENTS

Sample Type: Sputum

Test Name: CyPath® Lung

Required Amount

Patients collect sputum at home over 3 consecutive days; they may collect for more than 3 days if they do not see mucus secretions. The goal is to obtain sputum each day for a 3-day period. If the patient believes collection efforts have produced only saliva or spit, please try again later in the day, or collect for an additional 1-to-2 days to obtain sputum that consists of thick mucus secretions.
